

NWS SKYWARN TRAINING

City Hall Council Chambers

300 North Main St, Hopewell, VA

October 8, 2014 6:00 p.m.

The “Basic SKYWARN” class covers all the background information needed to become a trained severe weather spotter. The class is free of charge and lasts approximately 2 hours, with all materials provided. Once trained, spotters play an important role in providing the National Weather Service with vital weather information when severe weather occurs.
